**TO:** Members of the State Board of Education  
**FROM:** Nancy S. Grasmick *[Signature]*  
**DATE:** May 24 - 25, 2011  
**SUBJECT:** Major Budget Realignment Request

---

**PURPOSE:**

To review and respond to the major budget realignment request items for the month of April 2011.

**BACKGROUND/HISTORICAL PERSPECTIVE:**

This item is being presented in accordance with Maryland State Department of Education (MSDE) Policy 02.100.02.

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting the current fiscal year's appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

**Budget Amendments (State Board Action Items):**

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments shown in the Major Budget Realignment (MBR) Request that require State Board approval:

- Tying in to grant awards received (Increases) – Special Fund and Federal Fund amounts included within the original appropriation are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher, an adjustment is made to reflect the full amount.
- Carryover from prior fiscal year – Federal fund carryover results from the federal fiscal year overlap of three months as compared to the State fiscal year, and from the Tydings Amendment, which allows some federal formula grants to be spent for an additional 12 months. These adjustments are required to make maximum use of the grants.

- Transfers between budgetary programs – The allocation of the funds between the budgetary units and between programs within the budgets are based upon original estimates available when the budget is prepared. During the fiscal year it may become necessary to adjust this allocation.
- Tying in to the approved Indirect Cost rates – On occasion, the actual indirect cost rates received may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.
- Reorganizations – Organizational changes that cross budgetary programs are reflected by a budget amendment.

**Other Budget Adjustments (State Board Information Items):**

The following types of adjustments are reflected in the Major Budget Realignment Request and are shown for information purposes only:

- Recognition and Subsequent Release of Withheld Allotments – Withheld Allotments are funds appropriated in an agency's budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified condition(s) have been met.
- Deficiency Appropriations – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- Tying in to grant awards received (Decreases) – The opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the Agency Budget (i.e., MSDE) to recognize lower than budgeted Grant Awards or Special Fund attainment.

The Major Budget Realignment (MBR) Request has several sections:

- The cover memo indicates whether there are items requiring approval or information items.
- The Synopsis of Current Pending items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc).
- The Summary of Current Pending Items (if any) – This summary schedule reflects the amount by budgetary program of each of the approval items.
- The Synopsis of Information Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc).

- The Summary of Information Items (if any) – This summary schedule reflects the amount by budgetary program of each of the information items.
- The MBR Schedule – This schedule presents a great deal of information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding for Educational Organizations, and Children's Cabinet Interagency Fund), by budgetary program and by appropriated fund. The columns reflect the following information:
  - The first column reflects the program and fund titles.
  - The second column, "Original Appropriation," reflects the original appropriation level for the fiscal year.
  - The next two columns, "Approved Adjustments," reflect adjustments that have already been made to the budget. The "DBM" column reflects adjustments made to the official appropriation level. The "MSDE" column includes those adjustments as well as decreases that would not be reflected in the official appropriation.
  - The following two columns entitled, "Approved Appropriation," reflect the sum of the original appropriation and the approved adjustments for DBM and MSDE, respectively.
  - The next two columns reflect pending budget amendments:
    - "Prior" shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
    - "Current" shows the items being presented to the State Board in this MBR for the approval period.
  - The final column shows the Information Item adjustments included in the current MBR.

**ACTION:**

We request permission to process authorized transfers between budgetary units, Divisions, and/or Programs in the amount of \$2,697,394 to: (1) more appropriately align funding in accordance with MSDE's goals and objectives; (2) recognize carryover balances available from prior fiscal years; and (3) recognize new grant awards, as listed in items 1 - 5. Please refer to the *Synopsis of Current Pending Items* beginning on page 2 for the detailed narratives concerning these items.

All items reflect increases or decreases to appropriate levels from higher or lower than anticipated grant awards, increases to recognize new grant awards, or increases to recognize unobligated carryover balances from prior fiscal years.

***SYNOPSIS***  
***CURRENT INFORMATION ITEMS***

**ITEM A**

Pursuant to the FY 2012 budget bill, General Funds in the amount of \$325,000 are immediately available to supplement the appropriation for FY 2011 to provide funds for turnover relief in the Juvenile Services Education Program.

**ITEM B**

Pursuant to the FY 2012 budget bill, General Funds in the amount of \$6,000,000 are immediately available to supplement the appropriation in the Division of Accountability and Assessment for FY 2011 to provide funds for the Maryland School Assessment project.

**ITEM C**

Pursuant to the FY 2011 Supplemental Budget No. 1, General Funds in the amount of \$14,823,775 are immediately available to supplement the appropriation in the Child Care Subsidy Program in the Aid to Education budget for FY 2011. In accordance with the Governor's executive order in February 2006, Maryland's Purchase of Care program has been transferred to the Maryland State Department of Education (MSDE) and is under the oversight of the newly established Child Care Coordinating Council. The program, formerly managed by the Department of Human Resources, is now titled the Child Care Subsidy Program and provides financial assistance to low-income families to assist them with the costs related to childcare services. Expenditure estimates indicate that the current level of general funds earmarked for this program were insufficient as compared to the number of eligible recipients on the waiting list. These funds will be used to fulfill the program's objectives in FY 2011.

**ITEM D**

Pursuant to the FY 2012 budget bill, General Fund Appropriation in the amount of \$210,000 is to be immediately reduced in the Children's Cabinet Interagency Fund for FY 2011. This amount is required to be reverted or transferred to the Children's Cabinet for Local Board Administration.

**ITEMS E, F**

Pursuant to the FY 2011 Supplemental Budget No. 1, Special Fund Appropriation is to be reduced in the amount of \$12,800,000 to reflect revised revenue projections from the Education Trust Fund generated by Video Lottery Terminals. In addition, General Funds in the amount of \$12,800,000 are to become immediately available in the State Share of Foundation Program to supplement the General Fund Appropriation for FY 2011 to offset the decrease in Special Fund Appropriation.

**ITEM G**

Pursuant to the FY 2012 budget bill, Special Fund Appropriation in the amount of \$18,443,000 is to be immediately reduced in the State Share of Foundation Program to reflect revised revenue projections from the Education Trust Fund generated by Video Lottery Terminals.

**ITEM H**

Pursuant to the FY 2011 Supplemental Budget No. 1, Special Fund Appropriation in the Headquarters budget in the amount of \$25,310 in the Division of Accountability and Assessment and in the Division of Special Education/ Early Intervention Services in the amount of \$183,406 is immediately available to supplement the FY 2011 appropriation. These funds are available from attainment through the recovery of administrative costs from local education agencies as related to the Medicaid Program. In May 2007, MSDE and DHMH signed a Memorandum of Understanding (MOU) that outlined responsibilities for the reimbursement of health-related services, service coordination, and transportation services in Individualized Education Programs and related early intervention plans. The MOU for Medicaid reimbursement has been updated in FY 2011 to include revisions to administrative costs based upon the amount of the federal revenue received by local agencies in FY 2010, resulting in a \$208,716 increase over current Special Fund Appropriation. The funds in the Division of Accountability and Assessment will be used to cover costs related to central support services. The funds in the Division of Special Education/Early Intervention Services will be used to: (1) conduct a paper review of a sample-level of care; (2) complete a second-level review to include observation; and (3) report on each case and convene a multi-agency workgroup to develop operational definitions of the items in level-of-care instrument.

**ITEM I**

Pursuant to the FY 2011 Supplemental Budget No. 1, Federal Fund Appropriation is immediately available to supplement the FY 2011 appropriation in the Division of Business Services in the Headquarters budget in the amount \$406,401. These funds are available from a grant under the Child Nutrition Discretionary Grants Limited Availability program. The objective of this program is to award grants to State Agencies administering the Child and Adult Care Food Program for projects aimed at improving the health and nutrition of children in child care settings. These newly granted funds will be available through 09/30/2013 and will be used to develop and implement a statewide strategy to promote and enhance the nutrition and physical activity environment in Maryland's child care centers through the development of wellness policies in accordance with the most recent Dietary Guidelines for Americans. MSDE will expend these funds as follows: (1) develop online learning modules for child care providers; (2) provide training to child care center directors on how to develop and implement wellness policies in their respective centers; (3) award sub-grants to child care providers who propose a viable plan to use wellness policies to enhance the nutritional and physical activity environments in their centers; and (4) provide technical assistance and resources during the wellness sub-grant implementation period. In addition funds will be used to cover related central support costs.

**ITEM J**

This adjustment reduces the Federal Fund Appropriation located in the Headquarters budget in the Division of Certification and Accreditation in the amount of \$11,432 to tie into the actual grant award received from Troops to Teachers program in FY 2011.

**ITEM K**

This adjustment reduces the Federal Fund Appropriation located in the Aid to Education budget in Innovative Programs in the amount of \$43,618 to tie into the actual grant award received from the Injury Prevention and Control Research and State and Community Based Programs in FY 2011.
