

Lillian M. Lowery, Ed.D.
State Superintendent of Schools

200 West Baltimore Street • Baltimore, MD 21201 • 410-767-0100 • 410-333-6442 TTY/TDD

TO: Members of the State Board of Education
FROM: Lillian M. Lowery, Ed.D. *Lillian M. Lowery*
DATE: January 28, 2014
SUBJECT: Major Budget Realignment Request

PURPOSE:

To review and respond to the major budget realignment request items for the reporting months of November and December 2013.

BACKGROUND/HISTORICAL PERSPECTIVE:

This item is being presented in accordance with Maryland State Department of Education (MSDE) Policy 02.100.02.

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting the current fiscal year's appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

Budget Amendments (State Board Action Items):

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments shown in the Major Budget Realignment (MBR) Request that require State Board approval:

- Tying in to grant awards received (Increases) – Special Fund and Federal Fund amounts included within the original appropriation are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher, an adjustment is made to reflect the full amount.
- Carryover from prior fiscal year – Federal fund carryover results from the federal fiscal year overlap of three months as compared to the State fiscal year, and from the Tydings Amendment, which allows some federal formula grants to be spent for an additional 12 months. These adjustments are required to make maximum use of the grants.
- Transfers between budgetary programs – The allocation of the funds between the budgetary units and between programs within the budgets are based upon original estimates available when the budget is prepared. During the fiscal year it may become necessary to adjust this allocation.

- Tying in to the approved Indirect Cost rates – On occasion, the actual indirect cost rates received may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.
- Reorganizations – Organizational changes that cross budgetary programs are reflected by a budget amendment.

Other Budget Adjustments (State Board Information Items):

The following types of adjustments are reflected in the Major Budget Realignment Request and are shown for information purposes only:

- Recognition and Subsequent Release of Withheld Allotments – Withheld Allotments are funds appropriated in an agency's budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified condition(s) have been met.
- Deficiency Appropriations – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- Tying in to grant awards received (Decreases) – The opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the Agency Budget (i.e., MSDE) to recognize lower than budgeted Grant Awards or Special Fund attainment.

The Major Budget Realignment (MBR) Request has several sections:

- The cover memo indicates whether there are items requiring approval or information items.
- The Synopsis of Current Pending items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc).
- The Summary of Current Pending Items (if any) – This summary schedule reflects the amount by budgetary program of each of the approval items.
- The Synopsis of Information Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc).
- The Summary of Information Items (if any) – This summary schedule reflects the amount by budgetary program of each of the information items.
- The MBR Schedule – This schedule presents a great deal of information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding for Educational Organizations, Children's Cabinet Interagency Fund and the Maryland

Longitudinal Data System Center), by budgetary program and by appropriated fund. The columns reflect the following information:

- The first column reflects the program and fund titles.
- The second column, "Original Appropriation," reflects the original appropriation level for the fiscal year.
- The next two columns, "Approved Adjustments," reflect adjustments that have already been made to the budget. The "DBM" column reflects adjustments made to the official appropriation level. The "MSDE" column includes those adjustments as well as decreases that would not be reflected in the official appropriation.
- The following two columns entitled, "Approved Appropriation," reflect the sum of the original appropriation and the approved adjustments for DBM and MSDE, respectively.
- The next two columns reflect pending budget amendments:
 - "Prior" shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
 - "Current" shows the items being presented to the State Board in this MBR for the approval period.
- The final column shows the Information Item adjustments included in the current MBR.

ACTION:

We request permission to process three major budget realignments in the aggregate amount of \$2,280,294 to recognize new and carryover funds as listed in Items 1 through 4:

Item 1 – Fund 3324 – National Board of Professional Teaching Standards	\$300,000
Item 2 – Fund 3444 – Baltimore Community Foundation – The Judy Center.....	\$65,000
Item 3 – Fund 9484 – Department of Juvenile Services Reimbursable Fund.....	\$1,458,671
Item 4 – Fund 5043 – Elementary and Secondary Education Act - Title I – Program for Neglected and Delinquent Children and Youth	\$456,623

We request permission to process authorized transfers between Programs and Divisions in the amount of \$5,807,839 (transfers net to zero) as listed in Item 5-7:

Please refer to the *Synopsis of Current Pending Items* on page 2-3 for the detailed narratives concerning these items.

SYNOPSIS
CURRENT PENDING ITEMS
For the Reporting Months of November and December 2013

ITEM 1

This adjustment requests an increase of Special Fund Appropriation in the amount of \$300,000 to the Teacher Development program in the Aid to Education budget. These Special Funds support teacher certifications by the National Board of Professional Teaching Standards (NBPTS). NBPTS advances the quality of teaching and learning by developing professional standards for teaching, creating a voluntary system to certify teachers who meet those standards, and integrating Board-certified teachers into educational reform efforts. The state pays two-thirds of the cost and the Local Education Agencies pay the balance. The additional appropriation will allow the agency to meet prescribed NBPTS requirements.

ITEM 2

This adjustment requests an increase of Special Fund Appropriation in the amount of \$65,000 to the Transitional Education Funding Program in the Aid to Education budget. The Baltimore Community Foundation awarded a grant to MSDE to support the Judy Center at Commodore John Rogers Elementary-Middle School. The Judith P. Hoyer Early Child Care and Family Education Centers (known as, "The Judy Centers") provide central locations that promote school readiness for children and their families from birth through kindergarten whose families reside in specific Title I school districts. This program requires collaboration with community-based agencies, organization, and businesses. This integrated approach ensures that young children start their formal education on a level playing field with their peers. The additional appropriation will allow the agency to disburse funds as prescribed by this grant.

ITEM 3

This amendment requested an increase in Reimbursable Fund Appropriation in the Headquarters budget in the Division of Accountability, Assessment, and Data Systems in the amount of \$143,368 and in the Juvenile Services Education Program in the amount of \$1,315,303.

Per the FY 14 Budget bill (HB 100) this amendment effectuates the transfer of (Reimbursable Fund Appropriation) Special Fund Revenue from DJS to MSDE to replace the General Funds reduced by the General Assembly.

These funds are available through 06/30/14 and will support the budgeted positions assigned to the DJS detention and committed facilities in the Juvenile Services Education Programs as well as related central support costs.

ITEM 4

This adjustment requests an increase in Federal Fund appropriation in the amount of \$415,112 in the Juvenile Services Education Program and an increase in the amount of \$41,511 in the Division of Business Services in the Headquarters budget. This is an unobligated carryover balance from a grant under the Title I State Agency Program for Neglected and Delinquent Children and Youth program from the U.S. Department of Education. This program provides educational continuity for neglected and delinquent children and youth in State-run institutions for juveniles and in adult correctional institutions, so that these youth can make successful transitions to school or employment once they are released. The funds will be used to cover costs related to central support, software licenses, and instructional and library supplies.

ITEM 5

This adjustment requests a transfer of Federal Fund Appropriation to the Juvenile Services Education Program in the amount of \$50,132 and to the Division of Business Services in the amount of \$5,013 in the Headquarters budget from the Assistance to State for Educating Students with Disabilities program in the Aid to Education budget. These funds are available under the Special Education Grants to States program. The objective of this program is to provide grants to States and: (1) to make free appropriate public education available to all eligible children with disabilities and (2) to provide early intervention services. These funds will be used to cover the contractual salary and related costs of one Special Education Resource Teacher. This transferred appropriation allows the agency to meet expected obligations for this program and does not adversely affect program objectives in the Assistance to States for Educating Students with Disabilities program.

ITEM 6

This amendment requested a transfer of General Fund Appropriation in the amount of \$288,922, a transfer of Special Fund Appropriation in the amount of \$22,222, and a transfer of Federal Fund Appropriation in the amount of \$5,341,550 to the Office of School and Community Nutrition Programs from the Division of Business Services within the Headquarters budget.

This amendment effectuates the transfer of current appropriation from the Division of Business Services to the Office of School and Community Nutrition Programs in the Headquarters budget in accordance with the approved agency wide reorganization plan. The reorganization plan was designed to foster cross-division collaboration that better implements MSDE's core initiatives, responds to new expectations, and builds greater accountability within the Agency, thus creating a more performance-oriented organization. General funds, one special fund source, and five federal fund sources will be affected by this transfer of appropriation.

ITEM 7

This amendment requested a transfer of Special Fund Appropriation in the amount of \$96,069 to the Division of Special Education/ Early Intervention Services and in the amount of \$3,931 to the Division of Assessments and Accountability from the Division of Rehabilitation Services (DORS) - Blindness and Vision Services and DORS - Client Services in the Headquarters budget. The University of Kansas Center for Research, Inc. (KUCR) selected MSDE to be the recipient of these funds for the purpose of promoting the School-Wide Integrated Framework for Transformation (SWIFT) Center Project. SWIFT is a national, technical assistance center that provides high quality technical assistance to schools, districts, and state departments of education as they create school-wide practices that improves academic and behavioral outcomes for all children, including those with the most extensive needs. MSDE will use the funds to improve educational outcomes for students in sixteen schools and will cover the costs related to workshops/conferences, central support, and educational grants. This transferred appropriation allows the agency to meet expected obligations for this program and does not interfere with operations in DORS for FY 2014.
